

Managed VMware

The screens you can view in CloudCreator will vary, depending on your assigned role. See [Roles and Permissions](#) for more information.

Topics

- [Create and Manage a VM - Managed VMware](#)
- [Delegated Financial Authority](#)
- [Manage a Compute Resource](#)
- [Edit a VM - Managed VMware](#)
- [Delete a VM - Managed VMware](#)
- [View VM Details and History - Managed VMware](#)
- [Upgrade Virtual Hardware](#)

Note: The Managed VMware service has previously been called VMware, Service Provider Managed, Service Provider Provisioned, Revera Managed, and Onshore Provider Virtual Machines.
